GAMING CASE WITH POWER SUPPLY INCLUDED

TE-1319G

Mid Tower · ATX, Micro-ATX and ITX · 450 W ATX power supply

450 W ATX POWER SUPPLY
Fitted at the factory, with USB-C at the front

Mid Tower case with a 450 W ATX power supply already fitted and a 120 mm rear fan installed. It takes ATX, Micro-ATX and ITX boards, with 7 expansion slots, and has USB-C, USB 3.0, USB 2.0 and audio on the front panel.

WHAT IT SOLVES

Everything you need before fitting the parts

450 W ATX power supply

Fitted at the top, with 100 to 240 V input: almost double the power of an office supply.

USB-C at the front

The front panel adds USB-C to USB 3.0, USB 2.0 and audio: today's peripherals plug straight in.

120 mm fan

Comes with a 120 mm rear fan already fitted, larger than the usual 80 mm.

ATX, Micro-ATX and ITX

Seven expansion slots and the three board sizes most used in desktop builds.

TEROS

PART NUMBER
CSM45BKTE1319G

The 450 W of the power supply: almost double what an office case comes with, which leaves headroom for a PC with a dedicated graphics card and several drives. Still check the supply recommended by the card maker: some ask for 500 W or more, and then the supply has to be changed.

WHERE IT DELIVERS

Built for everyday desktop builds

BUILDS WITH A DEDICATED CARD

Case, supply and fan sorted

A single code covers the case, the 450 W and rear ventilation: the build starts with three order lines less.

- 450 W power supply
- 120 mm fan
- 7 expansion slots

PERIPHERALS AND NEW STORAGE

USB-C without adapters

The front has USB-C, USB 3.0 and USB 2.0 with audio, so today's external drives and accessories plug straight in.

- USB-C · USB 3.0 · USB 2.0
- Audio at the front
- Power and drive LEDs

WORKSHOP AND VOLUME BUILDS

Fewer purchases per PC

With supply and fan fitted, each PC is built with fewer loose components and to the same standard.

- 100 to 240 V input
- Power and reset buttons
- 12-month warranty
