

FLAT MONITOR

TE-2415S

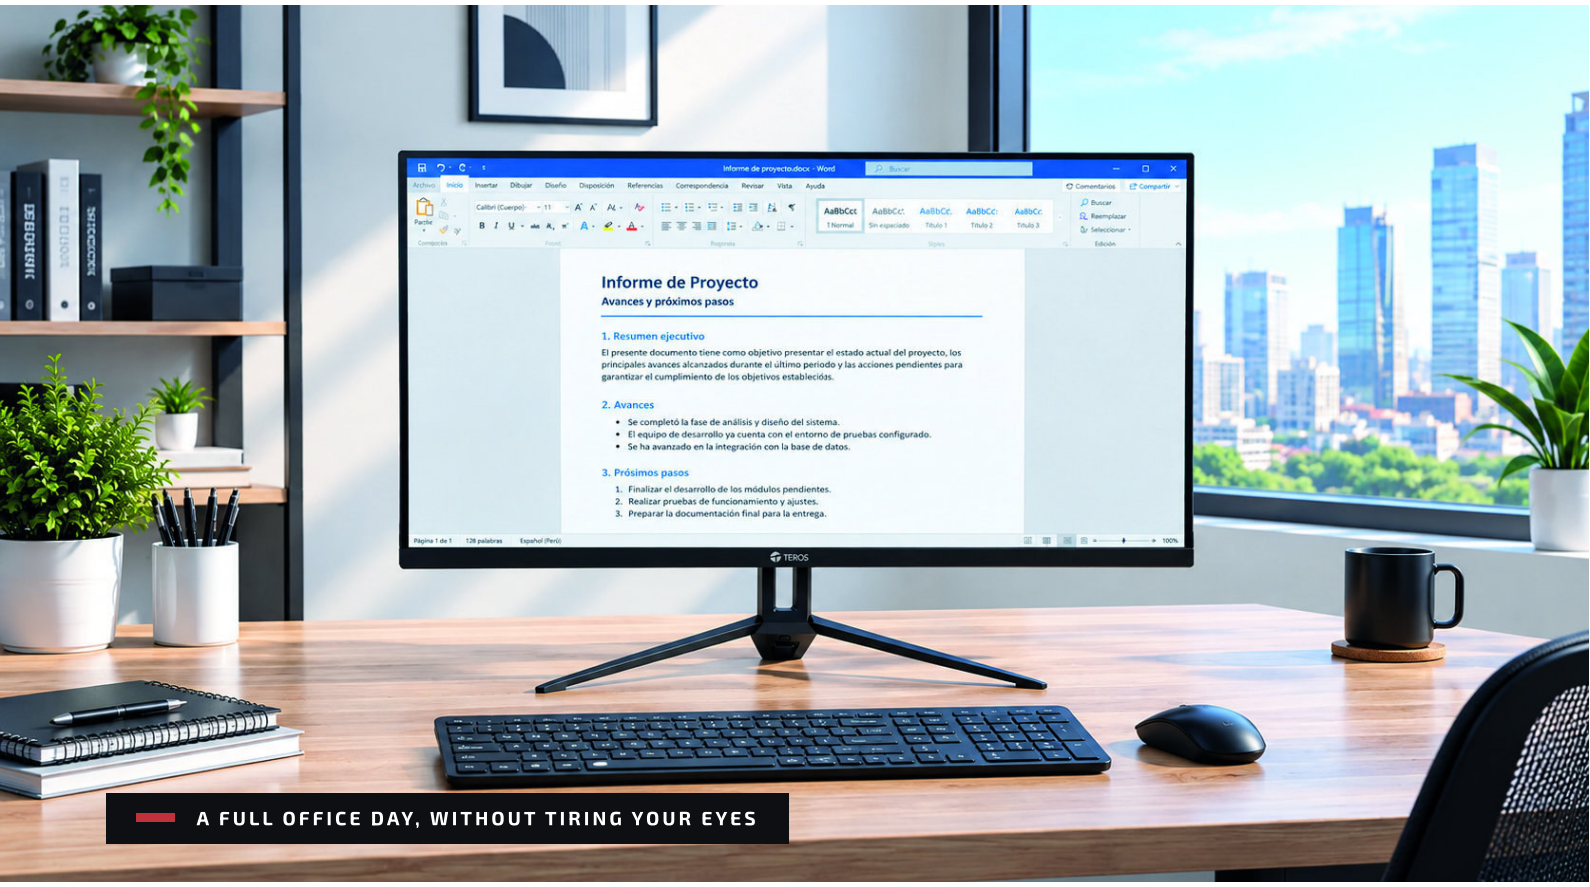

23.8 inches · Full HD 1920 x 1080 · IPS panel

FRAMELESS IPS PANEL

120 Hz · 1 ms MPRT · AMD FreeSync

A frameless IPS panel, speakers and a metal stand are already inside. Connect it over HDMI or DisplayPort and get to work: no speakers on the desk and no thick bezels cutting the image when two or three screens sit side by side.

A FULL OFFICE DAY, WITHOUT TIRING YOUR EYES

ALL IN ONE

What other monitors charge extra for is already inside

Frameless IPS

Minimal bezels on three sides and a 178° angle: stable color and desks with two or three screens.

120 Hz · 1 ms MPRT

With AMD FreeSync: smooth motion when scrolling spreadsheets, browsing or gaming.

99% sRGB and HDR

Wide color coverage (DCI-P3 75%, Adobe RGB 75%) and HDR support out of the box.

Built-in speakers

1 W (8 Ω) inside the monitor: video calls handled without equipping every desk with external audio.

Frameless IPS panel: with no visible bezel on three sides, the gap between screens almost disappears when two or three monitors are mounted, and the IPS keeps color and contrast stable at 178° from anywhere at the desk.

WHERE IT DELIVERS

Built for the desk that gets used every day

OFFICE AND ADMINISTRATION

A full day in front of the screen

Anti-glare surface, Flicker Free and Low Blue Light for long shifts. 19 W typical per desk on floors with many stations.

- Anti-glare · Flicker Free
- Low Blue Light
- Typical draw 19 W

DESIGN AND CONTENT

Working with color

99% sRGB and 75% DCI-P3 on a 16.7M-color IPS panel, with HDR support and 1500:1 contrast.

- sRGB 99% · DCI-P3 75%
- Adobe RGB 75%
- Contrast 1500:1

MULTI-SCREEN AND GAMING

Smooth motion and extended desktops

120 Hz with FreeSync and motion blur reduction. HDMI and DisplayPort to chain machines, VESA 75 for arms and panels.

- 120 Hz · 1 ms MPRT
- HDMI 1.4 + DP 1.2
- VESA 75 x 75 mm
