FLAT GAMING MONITOR

TE-2769G

27" flat Fast IPS · QHD 2560 x 1440 · 180 Hz over DP · with speakers

FAST IPS PANEL AT 180 HZ
IPS colour and angles with gaming-panel speed

27-inch flat monitor with a Fast IPS panel in QHD 2560 x 1440 resolution, 180 Hz over DisplayPort and 1 ms MPRT. It includes AMD FreeSync, HDR, an on-screen crosshair, built-in speakers and four video inputs, with two-zone rear RGB lighting.

TWENTY-SEVEN INCHES OF QHD WITH A FAST PANEL

SCREEN	RESOLUTION	REFRESH RATE	SPEAKERS
27" flat IPS	2560 x 1440	180 Hz	Built-in

WHAT IT SOLVES

Fast panel, QHD definition and everything in the box

Fast IPS in QHD
2560 x 1440 with the angles and colour of IPS, but with a gaming panel's response time.

Four video inputs
Two HDMI and two DisplayPort: PC, console and laptop connected at once, without unplugging anything.

Built-in speakers
Uncommon in a TEROS gaming monitor: it has built-in audio and a 3.5 mm output.

Crosshair and FPS counter
An on-screen crosshair in the centre of the screen and a frames-per-second counter, with FPS and RTS modes.

MON27FTE2769G

What Fast IPS is: for years you had to choose: IPS panels gave good colour and wide angles but responded slowly, and TN panels were fast but had poor colour. Fast IPS resolves that trade-off: it keeps the colour and the 178° of IPS, and brings response time down to 1 ms. You no longer have to sacrifice one for the other.

WHERE IT DELIVERS

Built for gaming, watching and working on the same monitor

MULTITASKING ACROSS DEVICES

Four sources connected

Two HDMI and two DisplayPort let you keep the work PC, the gaming PC, the console and the laptop plugged in at the same time.

- 2 HDMI · 2 DisplayPort
- Speakers and 3.5 mm out
- Both cables included

COMPETITIVE GAMING

Every aid on screen

On-screen crosshair, FPS counter, FPS and RTS modes on a single key, Overdrive and AMD FreeSync with HDR support.

- Crosshair and FPS counter
- AMD FreeSync · HDR
- 180 Hz over DP · 1 ms MPRT

SETUP AND COMFORT

Two-zone RGB and 4.5 kilos

Two-zone rear lighting, Flicker Free, a blue light filter and a light body that mounts on an arm effortlessly.

- Two-zone rear RGB
- Flicker Free · Low Blue Light
- VESA 100 · 4.5 kg

DATASHEET · MONITOR
