WASHABLE WIRED KEYBOARD

TE-4065N

IPX7 sealed · 105 Spanish-layout keys · USB with 1.5 m cable

SEALED AND WASHABLE · IPX7
Withstands 30 minutes one metre under water

Sealed keyboard that washes with water. IPX7 certification means it withstands immersion up to one metre for half an hour, so it can be disinfected at the end of each shift without taking anything apart. Full 105-key Spanish layout, with a 1.5 metre USB cable.

WHAT IT SOLVES

A keyboard that survives the cleaning routine

IPX7 certification
Withstands immersion up to one metre for 30 minutes without damage to the keyboard.

Washed and disinfected
Cleaned with water and disinfectant at the end of the shift, without removing keys or taking anything apart.

105 Spanish-layout keys
Full format with numeric keypad: just as good for writing as for entering data all day.

Direct USB connection
Plug in and it works, with no batteries or receiver that could fail at a critical workstation.

What IPX7 means: it is the international water-tightness standard. The X means no dust protection is declared, and the 7 is the highest level of water resistance short of continuous use: immersion up to one metre for 30 minutes. In practice, it goes to the sink and back to the desk.

WHERE IT DELIVERS

Built for workstations where the keyboard gets dirty

HEALTH AND LABORATORIES

Disinfection protocols

In clinics, pharmacies and laboratories the keyboard is cleaned between patients. This one takes disinfectant without being ruined.

- IPX7 sealing
- Washable with water
- No batteries or receiver

KITCHENS, WORKSHOPS AND INDUSTRY

Grease, dust and liquids

Where an ordinary keyboard is lost to a spilled soda or workshop dust, this one is rinsed and goes back on the desk.

- Sealed structure
- 1.5 m PVC cable
- 615 g

CLASSROOMS AND SERVICE COUNTERS

Many hands, the same equipment

In computer labs and at service counters dozens of people use the same keyboard every day. Here cleaning is part of the routine.

- 105 Spanish-layout keys
- Direct USB 2.0
- 12-month warranty

DATASHEET · KEYBOARD
