KEYBOARD AND MOUSE KIT

TE-5016S

105-key Spanish-layout keyboard + optical mouse · white

KEYBOARD AND MOUSE IN ONE CODE
Both wireless · up to 1600 DPI · AAA batteries

The complete workstation in white and with no cables: a 105-key Spanish-layout keyboard and a four-button optical mouse, both wireless. The mouse switches between 1000, 1200 and 1600 DPI, and everything runs on AAA batteries: one in the keyboard and two in the mouse.

THE COMPLETE WORKSTATION, IN WHITE AND WITH NO CABLES

WHAT IT SOLVES

Two devices that come paired from the factory

105-key keyboard

Full Spanish layout with numeric keypad, for writing or entering data all day.

4-button mouse

Optical sensor with three sensitivity levels: 1000, 1200 and 1600 DPI depending on the task.

Both wireless

2.4 GHz wireless connection on both devices: the desk stays clear from end to end.

One single code

Equipping a workstation stops being two references, two deliveries and two different warranties.

Buying the kit: when equipping workstations in volume, a kit halves the order lines, the warehouse receipts and the codes the salesperson quotes. And keyboard and mouse arrive from the same batch with the same finish, which shows when twenty identical desks are set up.

WHERE IT DELIVERS

Built for equipping desks from scratch

OFFICES AND NEW WORKSTATIONS

Equipping in volume

When several desks need setting up at once, one code covers keyboard and mouse, with the same finish at every workstation.

- One code per workstation
- 105 Spanish-layout keys
- 12-month warranty

HOME AND STUDY

White makes the sale

For those buying their first PC or renewing the study desk, it settles keyboard and mouse in one decision and at one price.

- White finish
- Keyboard + mouse
- 1000 to 1600 DPI

FLEET RENEWAL

Replacing the whole workstation

When the keyboard is worn, the mouse usually is too. Replacing both at once avoids buying again a few months later.

- Both wireless
- Optical mouse
- AAA batteries
