TEROS

PART NUMBER
ACCTCTE7060N

POWER BANK

TE-7060N

10,000 mAh (38.5 Wh) · built-in cables · 15 W magnetic charging

BUILT-IN USB-C AND LIGHTNING CABLES
No separate cable to carry

10,000 mAh power bank with USB-C and Lightning cables built in, fast charging up to 22.5 W and magnetic wireless charging up to 15 W. An LED display shows the exact battery level. It weighs 212 grams.

REFERENCE IMAGE

CAPACITY	FAST CHARGING	WIRELESS	WEIGHT
10,000 mAh	22.5 W	15 W	212 g

WHAT IT SOLVES

Power ready to go, no accessories to hunt for

10,000 mAh
38.5 watt-hours of energy: enough for several full phone charges over the day.

Built-in cables
A USB-C cable and a Lightning cable in the body itself: it works for Android and iPhone with nothing else to carry.

15 W magnetic charging
It attaches by magnet to the back of a compatible phone and charges without plugging anything in.

LED display
Shows the exact percentage left, instead of four little lights to interpret.

TEROS

PART NUMBER
ACCTCTE7060N

The 38.5 watt-hours: milliamp-hours alone do not say how much energy a battery holds: the real measure is watt-hours, and it is the one airlines use. The usual cabin-baggage limit is 100 Wh, so at 38.5 Wh this power bank travels in the cabin with no paperwork or special approval.

WHERE IT DELIVERS

Built for long days away from home

TRAVEL

Through airport security

38.5 Wh is well below the 100 Wh limit airlines accept in the cabin, and 212 grams goes unnoticed in the backpack.

- 38.5 Wh
- 212 g · 11 x 7 cm
- Boxed

LEAVING WITHOUT ACCESSORIES

Everything in one piece

USB-C cable, Lightning cable and magnetic pad in the same body: nothing else to remember before heading out.

- USB-C and Lightning
- Magnetic charging
- 18 W input

WATCHES AND ACCESSORIES

For the smartwatch too

Declared compatible with smartwatches, which tend to draw little power and do not always work with any power bank.

- Smartwatch compatible
- LED level display
- 12-month warranty
