TV WALL MOUNT

TE-7112

TVs from 32" to 75" · up to 36 kg · retractable arm

ARTICULATED WALL MOUNT
Folds, turns 180° and tilts +3° / -5°

The TV stays flat against the wall when nobody is using it and pulls out when it needs to be seen from elsewhere. The arm holds up to 36 kilos and turns 180°, so the screen faces wherever people are.

REFERENCE IMAGE

TVS	MAX LOAD	SWIVEL	TILT
32" – 75"	36 kg	180°	+3° / -5°

WHAT IT SOLVES

The TV adapts to the room, not the room to the TV

Retractable arm
The TV folds against the wall when not in use and pulls out to be seen from another part of the room.

180° swivel
The screen points at the sofa, the table or the bar without moving the mount on the wall.

Up to 36 kilos
Holds TVs from 32 to 75 inches, the range of almost any living-room screen.

Tilt and levelling
Tilts +3° / -5° to avoid glare from lights and levels ±3° if the wall is not straight.

ACRACKTE7112

Retractable arm: the mount has an articulated arm. The TV rests against the wall, as on a fixed mount, but pulls out and turns when it needs to be seen from the kitchen, another table or the far end of the room. A fixed mount always leaves the screen facing the same spot.

WHERE IT DELIVERS

Built for spaces where the screen is watched from several places

LIVING AND DINING ROOM

One TV, several viewpoints

The screen turns towards the sofa, the table or the kitchen, and goes back against the wall when the film ends.

- 180° swivel
- +3° / -5° tilt
- ±3° levelling

SHOPS AND CUSTOMER SERVICE

Screens in the customer's view

In restaurants, shops and waiting rooms the TV faces where people sit, and the wall frees the space of the furniture.

- TVs 32" – 75"
- Up to 36 kg
- Wall mounting

MEETING ROOMS

A screen that stays out of the way

It stays folded against the wall while the room is used for something else, and pulls out towards the table when there is something to show.

- Retractable arm
- VESA up to 600 x 400 mm
- 5 kg mount
