MONITOR ARM

TE-7113

Monitors from 22" to 35" · up to 12 kg · VESA 75 and 100

ARM WITH ADJUSTABLE SPRING
Raises, lowers, swivels 90° and rotates 360°

The monitor no longer stands on the desk and is clamped to its edge, at eye level. The spring holds up to 12 kilos, so the screen moves with one hand and stays where you let go of it.

THE SCREEN ADAPTS TO THE PERSON

REFERENCE IMAGE

MONITORS	MAX LOAD	FRONT EXTENSION	LIFT
22" – 35"	12 kg	62 cm	54 cm

WHAT IT SOLVES

The screen where each person needs it

Counterbalanced spring

The spring holds the monitor's weight. The screen rises and falls with one hand and stays where you leave it.

360° rotation

The screen turns from landscape to portrait, handy for reading long documents or reviewing full pages.

1 – 9 cm clamp

Fastens to the edge of the desk with a clamp. No holes to drill in the furniture.

Aluminium · 12 kg

The arm is aluminium and holds monitors of up to 35 inches and 12 kilos.

TEROS

PART NUMBER
ACRACKTE7113

Counterbalanced spring: the spring carries the monitor's weight and its tension is set according to how heavy the screen is. So it rises and falls with one hand and stops where you let go, and each person sets it to their own height without tools.

WHERE IT DELIVERS

Built for the workstation used every day

OFFICE DESKS

A clear desk

The monitor no longer stands on the desk, so all the space its base took up comes back. It installs with a clamp on the edge of the desk.

- VESA 75 and 100 mm
- 1 – 9 cm clamp
- 90° swivel

SHIFTS AND SHARED DESKS

Each user at their own height

The screen rises up to 54 cm and moves closer or further up to 62 cm. The same desk serves people of different heights, each adjusting it by hand.

- Lift up to 54 cm
- 62 cm extension
- Tilt 85° / -30°

LARGE SCREENS

From 22" to 35"

The aluminium holds monitors of up to 12 kilos, and 360° rotation lets you turn them portrait to read long documents.

- Up to 12 kg
- 360° rotation
- Aluminium + plastic

DATASHEET · MOUNTING ARM

Compatibility, movements and build

COMPATIBILITY AND LOAD
